Disclosure of Remuneration Indicators for 2020

As a significant institution, we disclose remuneration indicators for 2020 in accordance with section 16 of the German Regulation on Remuneration in Financial Institutions (Institutsvergütungsverordnung – “InstitutsVergV”) as amended on 26 April 2019, as well as in accordance with the provisions of Article 450 of Regulation (EU) No 575/2013 (Capital Requirements Regulation – “CRR”).

Aareal Bank has already implemented the qualitative disclosure requirements in a uniform manner, in its Group Annual Report.¹⁾

The later disclosure of quantitative remuneration details, as shown below, is due to the fact that the variable remuneration can only be determined after the end of the financial year.

Remuneration data is disclosed for Aareal Bank AG as well as for Aareal Bank Group entities in accordance with section 10a of the German Banking Act (Kreditwesengesetz – “KWG”), to the extent that such entities are subject to the InstitutsVergV.

The presentation of remuneration tables shown below is oriented on the EBA Guidelines on the remuneration benchmarking exercise (EBA/GL/2014/08), as well as the business areas stipulated in Annex 2 to the InstitutsVergV interpretation guidance issued by the German Federal Financial Supervisory Authority (“BaFin”) on 15 February 2018 – whereby the “Investment Banking” and “Asset Management” business areas are not relevant for Aareal Bank. The business area “Members of the administrative or supervisory body in accordance with section 25d of the KWG” relates to disclosure for all Supervisory Board members of institutions within the regulatory basis of consolidation.²⁾ The same applies to details regarding the remuneration of the Management Board, which is reported under “Management Board pursuant to section 25c of the KWG”. Sales and Credit Management units (Markt/Marktfolge) as well as those subsidiaries assigned to our Structured Property Financing segment are allocated to the “Retail Banking” business area. All central administrative units are allocated to “Corporate Functions”, except for control units as defined in EBA’s guidelines on internal governance (EBA/GL/2017/11) – these are allocated to the “Independent Control Functions” area. The “Other” business area comprises the Bank’s Group Business Consulting & Services unit, as well as the subsidiaries within the Consulting/Services³⁾ segment.

Remuneration data in the tables shown below was rounded commercially; this may lead to rounding differences in the totals.

¹⁾ Annual Report 2020 of Aareal Bank Group, chapter “Remuneration Report”, pages 125 et seqq.

²⁾ As at 31 December 2020, only Aareal Bank AG was classified as an “institution” for this purpose.

³⁾ The name of the former Consulting/Services Bank segment was changed to Banking & Digital Solutions at the turn of the year, as part of the strategic review.

¹⁾ In line with regulatory requirements, variable remuneration also includes severance payments granted during the reporting period.

Pursuant to section 18 (1) of the InstitutsVergV, the requirement to defer variable remuneration of risk takers over a minimum period of three years is waived if such remuneration remains below an exemption threshold of € 50,000. The majority of risk takers at Aareal Bank Group receive a variable remuneration below (and in some cases, clearly below) € 50,000; this influences the share of non-deferred variable remuneration.

During 2020, a severance payment of € 0.57 million was granted to a risk taker within Aareal Bank Group. During the period under review, severance payments totalling € 0.36 million were granted to two risk takers. These were already awarded in previous years.

In 2020, a payment of € 40,000 was made to one risk taker upon commencement of his/her employment relationship.

The following table shows risk takers who have received total remuneration of € 1 million and higher for the 2020 financial year.
